Experiment 12: InsureEasy Online Insurance Management Platform

AIM:

To construct an insurance web portal for InsureEasy allowing policyholders to view policies, calculate premiums, receive SMS alerts, and allow agents/admins to approve registrations.

ALGORITHM:

- **Start** and present policy comparison tables (Health, Auto, Home).
- **Apply Policy:** Accept customer details and coverage choices.
- **Agent Management:** Allow agents to register customers, manage active policies, and trigger due-date SMS notifications.
- **Admin Approval:** Provide an admin dashboard to review and approve agent profiles.
- **Stop.**
